

Threaded Narratives: 50 Years of Women Artists at ATW

Threaded Narratives celebrates 50 years of collaboration between ATW and leading Australian women artists, highlighting their significant contributions to contemporary art. Exploring how diverse practices, from modernist figuration and abstraction to First Nations storytelling and conceptual installation, have been reinterpreted through tapestry. We are proud to offer a selection of works from this exhibition for purchase. Each piece is a one-off creation, carefully woven by our master weavers in our South Melbourne studio.
